Won't you please get behind the City Fathers in P. S. and help them do things? Can't some one make them go ahead and finish the fine job they have started, finish widening Indian Ave, to the north end of city limits as we understand the county will widen it beyond city limits.

Go ahead with the proposed route the county has in the north end to route the trucks off of Palm Canyon. What if that route does go through a few swimming

does go through a few swimming pools and airport. If the people would only go to Riverside in a large group and demand that free-way be started at once, it would be done. You would be surprised if you heard about the many complaints about these two above conditions.

Entries will be divided into a large number of small groups, by age and ability, the younger boys riding quarter mile heats, those over 13, half mile. No more than eight will be started in each field. For the previous program, one school, Katherine Finchy, had elimination heats among 40 boys, to reduce their representatives to a desired 12. This time, all those who wish to ride, from there and other schools, may get into the finals, subject to final decision of the Legion committee

Time is growing short for Village youths to enter the 1953 Soap Box Derby, Chairman Bream Patrick warned today. Five youths have entered the third annual Derby co-sponsored in the Village by Stack Chevrolet and the Desert Sun. Last year eight boys made the trip to the district finals at San Bernardino. "We want more entrants—as many as possible," Patrick said in inviting all youths between the ages of 11 and 15 to register at Stack Chevrolet. "We will find a sponsor for boys who need someone to purchase the official Derby wheels and other equipment."
